Senate Passes Today Bryan Finance Bill

Guthrie, March 3.—The senate today recommended for passage house bill 175 by Mr. Bryan authorizing and empowering the state to fund its outstanding legal warranted indebtedness and the Stettmund bill providing for the refunding of the 1907 state taxes, which may have been collected after the passage of the law by this legislature remitting the state tax for 1907. A bill by Sorrels creating a board of mine examiners was discussed at length and probably will be recommended for passage tomorrow.

The total warrant indebtedness of the state is \$1,385,992.54 of which amount \$1,228,252.54 was outstanding prior to statehood, the difference between these amounts representing the indebtedness incurred by the legislature and state department under the present administration. Bonds in denominations of \$500 each bearing four per cent interest running 10 to 20 years, are provided for. They are to be paid in ten semi-annual installments, the first becoming due the eleventh year from the time of issue. They are to be exempt from taxation. Any person appropriating to his use, or aiding and abetting in the appropriation of any funds derived from the bond sale, shall be guilty of misdemeanor and fined double the amount appropriated and imprisoned in the penitentiary not to exceed five years. The Stettmund bill provides for the refunding of the state taxes for 1907 that were paid prior to the enactment of the law remitting those taxes. The bill was passed by the house and amended in the senate by the substitution of section 1 of a similar bill by Senator Thomas.

The bill provides that the state treasurer shall refund to county treasurers any monies received by him for state taxes.

RULING ON LAND LEASE COVERED BY OIL LEASE

make loans on lands upon which there are oil leases. The legal department of the commission has rendered an opinion at the request of Secretary Marr holding that where land offered as security for a loan is encumbered with an oil lease a certified copy of the lease must accompany the application, and if the interests of the lessee are assignable and a loan is authorized the lessor will be required to execute an assignment to the department of all of his interests, royalties, etc., under the lease. This assignment is to be placed on record with the department's mortgage. The assignment must further provide that the department has the right to receive and collect, and the lessee will be authorized to pay to the department, all of the royalties and earnings due or to become due and payable to the lessor.

Nearly all the applications for farm loans from the Indian Territory side of the state received by the commission have been on lands which are encumbered by an oil lease and this ruling is made in order to obviate the necessity of the lessor obtaining a cancellation of the lease before he can get a loan on his farm.

Dodgin for Chief of Police.

Tom D. Dodgin authorizes his announcement for the candidacy of Chief of Police of the City of Ada.

Mr. Dodgin has lived in Ada since its birth eight years ago, and needs little introduction to the public. He served as night watchman at Ardmore, Ada, and has assisted the Ada watchmen a few nights during the present administration. He authorizes the statement that if elected chief of police that he will do his duty regardless of men, and wants it said that he will use every force possible to make Ada a clean city and keep the town clear of joints, gambling and houses of shame. His name appears in the announcement column and if there should occur a primary his candidacy will be subject to the action of same.

Notice Democrats.

In the absence of J. P. Wood, president of the city democratic club, I hereby call a meeting of the democrats of the city, at the court house, Thursday night at 7:30 o'clock for the purpose of discussing the matter of a primary election for the nomination of city officers.

L. J. LITTLE, Vice President.

Big Safe Arrives.

The big patent, burglar and fire proof Manganese safe for the new Farmers' State Bank has arrived and workmen are today placing it on a concrete foundation in the front window of the bank building. It is large and almost round and the door fits in in screw fashion. It seems that money in this thing would be safe without the Oklahoma deposit guaranty law.

Mr. Burgess.

A Mr. Burgess, who resides near Blackburn's gin died of tuberculosis at his home Tuesday. He leaves a wife and eight children. The remains was interred at Rosedale today at 1:30 o'clock under the auspices of the Masonic lodge.

E. S. Collins.

E. S. Collins, present city street commissioner today announces his candidacy for re-election. Mr. Collins' efforts and record as the present incumbent speaks for itself and the same commends him to the voters in the presentation of his claims for the second term. He respectfully urges your support.

Frank Maddox.

The clever and good looking Frank Maddox left today for Memphis, Tenn., where he has accepted a position as traveling salesman for the Park-Davis Drug Co. Frank's many friends here regret to see him leave Ada, but wish him all possible success in his new role: "A Knight of the Grip."

B. W. Bolen of Francis is here today.

STATE OF OKLAHOMA,

PONTOTOC COUNTY.

In County Court.

Notice is hereby given to all persons interested in the estate of J. R. Lawrence deceased, that on the 4th day of March, 1908, Dollie Lawrence produced and filed in the County Court of the County of Pontotoc and State of Oklahoma, an instrument in writing purporting to be the last Will and Testament of J. R. Lawrence deceased and also filed in said Court her petition praying for the probate of said Will, and that letters of administration be issued thereon to John C. Chapman and that said petition will be heard at the Court room of said Court in the City of Ada in said County and State, on Monday the 16th day of March, 1908 at the hour of 10 o'clock a. m., of said day, when and where all persons interested can appear and show cause, if any they have, why the prayer and said petition should not be granted.

In testimony whereof, I have hereunto set my hand and affixed the seal of the County Court of said County, this 4th day of March, 1908.

Weak Kidneys

Weak Kidneys, surely point to weak kidney nerves. The Kidneys, like the Heart, and the Stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the Kidneys alone, is futile. It is a waste of time, and of money as well.

If your back aches or is weak, if the urine scalds, or is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month—Tablets or Liquid—and see what it can and will do for you. Druggist recommend and sell.

Remember that when the stomach nerves fail or weaken. Dyspepsia or indigestion must always follow, but, strengthen these same weak inside nerves with Dr. Shoop's Restorative, and then see how quickly health will again return. Weak Heart and Kidney nerves can also be strengthened with the Restorative, where Heart pains, palpitation, or Kidney weakness is found. Don't drug the Stomach, nor stimulate the Heart or Kidneys. That is wrong. Go to the cause of these ailments. Strengthen these weak inside nerves with Dr. Shoop's Restorative and get well. A simple, single test will surely tell. G. M. Ramsey.

"The Kingdom of God."

"The Kingdom of God" was the subject of Evangelist Ewell's sermon at the First Christian church last night. Many who were present pronounced it the finest thing they ever heard. Scholarly, magnetic and eloquent the evangelist handled his theme with the grace and power of a master mind. Yet at all times the messenger is hid behind the message.

The house was filled to its entire capacity by the time the sermon began and the interest was intense.

Tonight the evangelist will preach on "The Great Salvation." This promises to be the best sermon of the series thus far. No one should fail to hear it. Services begin promptly at 7:30 p. m.

The attendance is increasing at the 9:30 Bible study held each morning and all are being helped by the talks on the Life of Christ by the evangelist. Invite your friends to these services and help evangelize Ada.

Mrs. H. L. Shackelford, nee Ella Mae Crossett, once a member of the News family, is here from Wynnewood, the guest of Mrs. G. W. Hall. She is accompanied by her son, Master Fay H. Shackelford, a fine young journalist of three years.

"I can truly say that Lydia E. Pinkham's Vegetable Compound saved my life, and I cannot express my gratitude to you in words. For years I suffered with the worst forms of female complaints, continually doctoring and spending lots of money for medicine without help. I wrote you for advice, followed it as directed, and took Lydia E. Pinkham's Vegetable Compound and it has restored me to perfect health. Had it not been for you I should have been in my grave to-day. I wish every suffering woman would try it."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

READ SOMETHING LIKE CIPHER.

Fearful and Wonderful Memorandum of Baltimore Cook.

In the family of a former Baltimorean now residing in Providence, R. I., there is a middle-aged German woman—a relative of the family—who, though having lived in this country over a quarter of a century, has not yet thoroughly mastered the English tongue. The expressions of this relative, who keeps house for the family, sometimes afford much amusement to those unaccustomed to her peculiarly characteristic "pigeon English."

Happening to visit the kitchen several days ago the head of the house discovered tucked up against the wall a crude memorandum pad. Inquiry developed the fact that it was a reminder of the day's culinary needs. This is what was written in combination English-German chirography on the little sheet:

Tapioca
pruns
corn Starsh
Shradded Wieth
Sardien
saman
Egg i cie
Salse
sellelie

The memorandum was confiscated and sent to friends of the family in Baltimore. It is being preserved as a classic.—Baltimore News.

Her Mistake.

"My dear," said Mr. Brown to his wife, "where did all those books on astronomy on the library table come from? They are not ours."

"A pleasant little surprise for you," responded Mrs. Brown. "You know you said this morning that we ought to study astronomy, so I went to a bookstore and bought everything I could find on the subject."

It was some minutes before he spoke.

"My dear," he then said, slowly, his voice husky with emotion, "I never said we must study astronomy; I said we must study economy."

COFFEE DRINKING

A Doctor Says It Weakens the Heart.

"In my opinion," says a well known German physician, "no one can truthfully say that coffee agrees with him, as it has long since been proven that caffeine, contained in coffee, is an injurious, poisonous substance which weakens and degenerates the heart muscles."

"For this reason the regular use of coffee, soon or late, causes a condition of undernourishment, which leads to various kinds of organic disease."

"Convinced of this fact, I have often sought for some healthful beverage to use instead of coffee. At last I found the thing desired in Postum. Having had occasion to forbid people using coffee, whose hearts were affected, I have recommended Postum as a beverage, since it is free from all injurious or exciting substances. I know this from results in my own family, and among patients."

"Hundreds of persons who now use Postum in place of coffee, are greatly benefited thereby." "There's a Reason."

Few Suicides in Northwest.

The relatively small number of suicides in this city and section, says Seattle (Wash.) Post-Intelligencer, is made the subject of an interesting observation by W. F. Jenkins, in command of the Salvation Army in the Pacific northwest. In consequence of the small number of suicides the Salvation Army has not followed its usual course of establishing anti-suicide bureaus in this section. Commenting on the fact, the brigadier said: "Here in the northwest people, when they get into trouble, keep up courage and hope and never think of suicide. For months, even in these so-called hard times, and during the Christmas season, we haven't had a suicide case come into the office. There is no question that the average laboring man finds life a more satisfactory proposition out here than he does in the average city of the east." It isn't always an easy matter to tell precisely why some men and women feel impelled to kill themselves, in a given set of circumstances, while other men and women, in similar and sometimes worse circumstances, will not even think of such a thing. But it isn't difficult to understand why suicides are much less frequent here than in other sections of the country. Climate may have much to do with it. Nerves do not break as readily here as elsewhere, though the gait is usually speedy and at high tension; the atmosphere seems to soothe the hurt places and to strengthen the weak ones. Moreover, the general view is more cheerful. Men and women are more hopeful, as a rule, and, as Mr. Jenkins suggests, the people are more friendly, more inclined to console and help their distressed fellows than they are in other parts of the country. It is a high tribute to the climate, the country and the people, but it is deserved. The record is that way, and the record is the best evidence.

English Song Birds for America.

Over 2,000 canaries left England for America recently, bearing a large number of other English songsters. Whether a craze for song birds has sprung up in America or not is hard to say, but it is the fact that more than 20,000 of them will have gone across the Atlantic by the end of the year. A bird fancier, who was interviewed on the subject, said that there was undoubtedly a great demand for these birds just now, although there was always a fairly steady sale, both in America and the colonies. Germany bred a good many canaries for export, says the London Standard, but the great place for the business was Norwich, where quite a large number of breeders confined themselves solely to this particular kind of bird. Better prices could be obtained for the birds abroad than in this country, and breeders had, therefore, found it was worth their while to export their birds in large quantities. The exportation of them was a comparatively simple process, and there was very little loss through birds dying on the voyage.

One of the local clergymen thinks

the leap-year joke is cruel and vicious. Well, it is cruel and heartless, to say the least, because there is nothing in it. The man who is banking on it will be just as single at the end of the year as he was at the beginning, if not more so, says the Chicago Daily News. It is a mistake to think that the girls want to get married, though sometimes they can be persuaded to marry, which is quite a different thing. Left to themselves, the subject never enters their minds, so how could they concoct a leap-year episode and carry it to a successful conclusion? It is only after a man mentions the subject that they suspect his designs and then, it being so sudden, they always want at least a minute to think it over.

The president of the association of

hairdressers of Paris, who has been spending four weeks in New York, is going home in a few days, but he will leave a pleasant memory behind him, because of his remark that if New York women would only show more individuality in their hairdressing they would be the most beautiful body of women the world has ever seen. He adds that there are 300 separate and distinct fashions of dressing the hair, but in New York the women seem to confine themselves to 20 at the most—including in some cases, we fear, curl papers at the breakfast table.

THE SOFT ANSWER.

She—I will have the last word!
He—You have the last line, my dear, that's a better game.

Sheer white goods, in fact, any fine wash goods when new, owe much of their attractiveness to the way they are laundered, this being done in a manner to enhance their textile beauty. Home laundering would be equally satisfactory if proper attention was given to starching, the first essential being good Starch, which has sufficient strength to stiffen, without thickening the goods. Try Defiance Starch and you will be pleasantly surprised at the improved appearance of your work.

SAFE TIP.

Dad—Why, Billy?
Willie—'Cause they ain't no more left. We bumped it all off yesterday.

Beware of Ointments for Catarrh that Contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price, 75c, per bottle. Take Hall's Family Pills for constipation.

Out of the Usual.

"Guess where I've been," said a man at the noonday lunch counter. "It is a city where in at least two churches they have little cuspidors which match the decorations of the church in the corners of the pews. In the vestibule of one of the large churches hangs a sign to this effect: 'No Spitting Allowed Inside the Church, Throw Away Your Tobacco as You Enter the Vestibule.' This a fact. I can prove it!"

STRANGE ETIQUETTE IN CHINA.

One's Own Possessions Always Referred to in Derogatory Terms.

"The mandarin shocked me," said the missionary, "the first time I dined with him, by referring to his wife as 'his good-for-nothing marital mistake!'"

"But," I interposed, "it is said that your lady is brilliant, beautiful and kind."

"He smiled awkwardly and changed the subject. However, with the course of bamboo sprouts he mentioned his wife again, calling her this time his 'stupid hand-the-clothes.'"

"I am sorry your marriage is an unhappy one," said I.

"With an embarrassed air he began to discourse on the high-binders. Every now and then, though, his wife's name came up, and he called her in quick succession his 'thorn in the flesh,' his 'punishment for youthful sin,' his 'hideous and lunatic spouse,' and his 'wife one of the inner room.'"

"I spoke up impatiently."

"Be more careful," I said, "regarding the lady. There are two sides to every story, and I must tell you that your unmanly abuse inclines me very favorably towards your poor wife."

"He threw down his chopsticks impatiently, scattering shark's fin and soy over the table."

"Don't you understand," he cried, "that all this is etiquette, pure etiquette? The Chinese host by the laws of etiquette must speak of his own possessions as unworthy and vile—even of his wife he must speak so, though she be a full moon for beauty and a Chang Kivi, or sacred cow, for wisdom. I have no fault to find with my wife; quite to the contrary; I only deride her in order to show proper Chinese courtesy to you. And now, I beg, don't interrupt again."

The missionary smiled ruefully.

"It was a bad break for me to make," he said. "The man was a powerful mandarin. But it is truly most shocking, at the beginning, to hear these men abuse their women folk."

Lieutenant Does His Own Cooking.

An army lieutenant writes with reference to the proposed increase in pay: "I have changed station four times within the past nine months (no expense, of course), starting from the Philippines and ending here—the last ditch. I am post quartermaster, commissary, and a few other things of lesser importance, but not negligible. My wife is ill; I am cooking three meals a day with my own hands; I can't afford to hire a cook, as they are \$40 a month here, which is nearly a third of my own salary. Painters and plasterers get five and six dollars a day for eight hours' work. Does the richest nation under the sun expect an officer of the army to do his own cooking and housework? Can he do it and attend to his various official duties? I can't, even by working 16 hours a day instead of eight. Now, what is a man to do? Hire a cook, live a little less like a tramp, and let his notes go to protest, or do his own cooking and let his duties suffer? Maybe I should resign my commission and look for a job of painting and plastering, but I will not. There are plenty of other officers, too, who are in just as bad circumstances as I am."—Army and Navy Journal.

A Tragic Resemblance.

"I believe I would rather be downright ugly than have a face that reminds every Tom, Dick and Harry of some one he knows or has known," said a comely southern girl to her companion across the tea table. "Only yesterday I had a most embarrassing experience, and it isn't the first I've had because I look like some one else," she went on. "I got into a subway train at the Grand Central station and took a cross seat opposite a woman. She looked at me and started perceptibly; then she leaned closer to me and looked squarely in my face and her own turned very pale. Suddenly she put her muf to her eyes and sobbed until the tears rolled down over her coat. I was so uncomfortable and at such a loss what to do that I got up at the nearest station and waited for another train. I suppose I was the image of some lost daughter or sister."—New York Press.

Pasteurize the Milk.

Nathan Straus sends a message to American mothers to the effect that raw milk is not good for children, the scientific men of the world having agreed upon the fact. Milk should be pasteurized and the mother can do this herself in her own kitchen. The international congress at Brussels warned against raw milk, because of the danger from tuberculosis. It is not the poor alone who need instruction upon the subject, as many of the babies of the rich suffer from the effects of raw milk, but Americans are said to know more on the subject than people of other countries.

In Husband's Memory.

Mrs. Custer has bought 16 lots in Broxville, and to perpetuate the memory of her husband, Gen. Custer, will build a large memorial home. Aged literary women will be admitted into it, and it will no doubt be a very beautiful place, as it is pleasantly situated, many artists and literary persons now residing near the proposed site.

Formalities.

"No intelligent person pays any attention to ghosts," said the dogmatic person.

"Perhaps not," answered Miss Cayenne, "unless the ghost has been able to secure an introduction from some psychic research society."

PERUNA EDITORIAL NO. I.

Dr. Hartman is now offering Peruna to the public as a regular pharmaceutical product. It is just as ethical as any compound put up for the medical profession. No straining of medical ethics can find any fault with it. THE PRINCIPAL ACTIVE INGREDIENTS are prominently incorporated in the label on the bottle, that the people may know that the claims made for Peruna have a true justification.

The only departure we shall make from medical ethics in the conduct of Peruna affairs in the future, is the fact that we shall continue to advertise and sell our product TO THE PEOPLE.

If we would agree to sell to doctors only, to advertise for doctors only, then the medical fraternity would be obliged to recognize Peruna as being entirely within their approval.

BUT WE SHALL NOT DO THIS.

We shall continue to offer Peruna to the people. We shall continue to convey to the people our claims for Peruna as a household remedy. We shall continue to supply the people with free literature, teaching them how to use our medicine, teaching them how to avoid disease, teaching them many things of benefit to the home. We shall continue to do this, whether the medical profession like it or not.

We are proposing from this time on to take the public into our confidence. Notwithstanding that some imitators and substitutes will be attempting to put up something which they consider just as good as Peruna, we are going to draw aside the veil of secrecy and allow any one who chooses to know exactly OF WHAT PERUNA IS COMPOSED.

This ought to disarm all honest criticism. We expect, however, that criticism will continue. On some pretext or other those who are envious of the success of Peruna will continue to find fault. But we are determined to give such people no just complaint. PERUNA IS A GREAT MEDICINE.

It has become a household word in millions of homes. Our faith in the remedy is stronger than ever. Every year we expect to establish new plants in foreign lands until the people of all the world are supplied with this valuable household remedy.

WE CLAIM PERUNA TO BE A CATARRH REMEDY.

Buy a bottle and try it. If it helps you, be honest and acknowledge that it has helped you.

If you want us to we will publish your statement exactly as you furnish it to us. We will add no words, take away no words. If you wish us to we will publish your portrait in connection with it. We will not do this without your written request, without your entire consent.

Peruna has cured thousands of people of chronic catarrh, in many phases and locations. At least, that is what the people say to us, through unsolicited testimonials. Peruna will cure many thousands more, in spite of fabricated slanders to the contrary.

WE GUARANTEE EVERY BOTTLE OF PERUNA TO CONTAIN THE

INGREDIENTS PRINTED ON THE LABEL.

We guarantee that every testimonial we use is absolutely true—in the exact language of the testifier.

We guarantee that every photograph published is the photograph of the person whose name it bears, that every word of every testimonial was authorized by the hand that signed it.

We are determined to beat our opponents by being fairer than they are, by dealing squarer than they dare to. We are determined to meet falsehood with truth, duplicity with candor, insincerity with sincerity.

We know that the users of Peruna will appreciate our stand. We believe that the dealers in Peruna will applaud our course. We expect even our opponents will be obliged to acknowledge finally that Peruna is not only an honest and useful remedy, but one of the GREATEST HOUSEHOLD MEDICINES ON THE CONTINENT.

Brothers in Bloody War in Death.

Perry, Okla., March 3.—Edward Fitzpatrick, 22 years old, is dead; John Fitzpatrick, 24 years old, is seriously and perhaps fatally injured, and Richard Lumpkin, Lucius Lumpkin and a third brother are in the Noble county jail as a result of a bloody fight at a dance three miles south of Perry between 9 and 10 o'clock tonight. An old feud started the battle.

Richard Lumpkin is thought to be the one who killed young Fitzpatrick and wounded the elder. He began to quarrel with Edward and John joined in. It was about a fight that he Lumpkins and Fitzpatricks had a year ago.

The appearance of the other Lumpkins was the signal for a general fist fight. During the melee one of the Lumpkins, alleged to be Richard, pulled a gun and shot six times.

Edward Fitzpatrick was shot twice in the breast. The elder brother was wounded in the chest. Two of the Lumpkins are bruised as a result of the encounter.

Gov. Haskell Fixes Date of City Election for March 28.

Tom P. Holt, city attorney received information today that Gov. Haskell had issued a proclamation authorizing an election on March 28, for the purpose of voting on the proposition of Ada becoming a city of the first class and for the election of city officers for such city.

"Will there be a primary?" is the all talked of question today. The Oklahoma law requires that the notice of a primary shall be advertised 30 days—this it seems will preclude a primary election for this year.

A meeting of the local democrats has been called by Vice President Little for Thursday night for the purpose of discussing the matter. You should attend this meeting.

SCRAP FOR FLAG WITH 46TH STAR

McGUIRE SHIPS IT AWAY FERRIS THREATENS TO REPLEVIN.

FOR HISTORICAL SOCIETY

First New Bunting to Be Displayed at the Party Convention.

Washington, March 3.—With a society woman furnishing a part for the melodramatic settings, a politician doing the "heavy" and congress—calm, sedate congress, whose members frowned upon anything more dramatic than fist fights between its members—sitting quietly by and sucking its pink thumbs, a playlet was given in Washington today in which the new American flag—the first to contain the forty-sixth star—is the center piece.

Both Congressmen McGuire and Ferris were seeking possession of the flag, which floated over the national capitol for the first time Monday. Ferris introduced a resolution giving the flag to the Oklahoma Historical society. In the meantime, McGuire secured possession of the flag and sent it to Perry, Okla., to be used in the republican convention, notwithstanding the fact that only a few months ago, republicans throughout Oklahoma fought against the adoption of Oklahoma as a state. Mrs. McGuire is said to have played a part in the game. The Ferris resolution was passed today and by unanimous consent, the flag was donated to the historical society, but in the meantime, the flag was speeding Perryward.

Congressman Ferris now threatens to replevin the flag. A flag is flying over the senate wing of the national house today. It has 46 stars, but Ferris and his friends refuse to accept it as a substitute for the first flag.

W. P. Campbell, custodian of the Oklahoma Historical society, said last night:

"So far as I can learn the flag was presented to Congressman Byrd McGuire as a matter of personal favor. Mr. McGuire will display the emblem at the Perry republican convention, and later it will be displayed at the Threadgill hotel, on the occasion of the republican state convention here March 11.

"As a historic curio, being the first to contain 46 stars, the cause of which addition being the admission of this state into the federal union, makes it of great local interest.

"It will be given conspicuous place in the historical society's apartments at the library building."

REVEALS PLOT TO SHOOT TWO. Tells Story of Conspiracy to Slay Special Officer Johnson.

Muskogee, Okla., March 3.—Jack Pattman, alias Jack Baldrige, under arrest charged jointly with Ben and Eugene Tittsworth with killing Sam Roberts, a deputy marshal, in the trial of Eugene Tittsworth, swore that while they were in jail at Fort Smith that Tittsworth agreed to give him \$2,000 to kill W. E. Johnson, the representative of the department of interior who was fighting the bootleggers, and Dr. Sapper, a deputy working under Johnson. Sapper was wounded when Roberts was killed. Pattman says Tittsworth called to him to shoot and he shot Roberts and killed him. Sapper was shot in the same fight, but Pattman says he did not shoot Sapper. Sapper and Johnson had broken up a near beer joint owned by the Tittworths.

Probi Bill Held Up.

Guthrie, Okla., March 3.—The prohibition bill was not engrossed and sent to the house today as was expected, but is remaining the property of the senate in order that the friends of the measure with the emergency attached may have a chance to finally test the sentiment of the senate. Senator Billups, said today that he has been assured that there will be enough votes upon reconsideration to pass the emergency section.

Col. A. E. Platter of Denison is in the city looking after business interests.

FALSE THEORIES FOSTERED FOR MORE THAN 40 YEARS

Washington, D. C., March 3.—In a general discussion of the tariff and financial questions in the house today, Mr. Moon, of Tennessee, upbraided the republicans for failure to enact legislation which, he said, the people were demanding. The republican party, he declared, for more than 40 years have fostered false theories. "You," he said, addressing the republican side, "plundered the treasury when you saw fit, you overturned the rights of the states and sat with your hands on the necks of the common citizens; you appeal to none but the power of wealth and monopoly and yet he said 'you have successfully run the gamut, the house gamut.'"

The republicans, said he, had fooled the people "not once, not twice, but all the time." If, he continued, he were compelled to designate the leading characteristics of the republican party he should say "It is the most sublime, the most stupendous fakir in all the history of the world."

PEOPLE ROBBED OF 70 MILLION

Weighing of Mail for 27 Years Has Been Fraudulent, Is Charge.

Washington, March 3.—The startling charge that the railroads of the country carrying mails had robbed the people out of \$70,000,000 was made in the house today by Mr. Floyd of Missouri.

He declared that the new system of weighing mails was an admission of the postmaster general that the weighing in the last 27 years had been fraudulent. He called for an investigation of the postoffice department and Mr. Wanger, of Pennsylvania, chairman of the committee to control the expenses of that department, promised that an inquiry would be conducted.

Others who spoke were Messrs. Moon, Tennessee; Briggs, Georgia; Murdock, Kansas and Smith, California.

S. G. Victor Is Appointed Marshall.

Washington, D. C., March 3.—S. G. Victor of Afton was today appointed United States marshal of the eastern district of Oklahoma. His name was presented by President Roosevelt after the senate committee refused to confirm Porter.

Grant Victor, of Afton known to every republican in the state of Oklahoma, the genial good natured politician, and the former chairman of the Indian Territory republican central committee before the consolidation of the two political organizations under the chairmanship of Jake Hamon of Lawton, Okla., has been appointed United States Marshall in the Eastern district of Oklahoma in the place of G. A. Porter whose nomination was withdrawn by the president at the request of the judiciary committee of the United States.

Grant Victor is every inch a farmer and on top of that he is a politician. In the summer he can be found making hay upon 175 broad acres near Afton, Okla., and in the winter he can be found "making hay" while many other politicians are asleep.

Mr. Victor was at Sapulpa, Okla., last night, as one of the delegates to the Third District congressional convention, when the news came of his appointment, and he was soon very busy receiving the congratulations of his friends.

Brothers in Bloody War in Death.

Perry, Okla., March 3—Edward Fitzpatrick, 22 years old, is dead. John Fitzpatrick, 24 years old, is seriously and perhaps fatally injured, and Richard Lumpkin, Lucius Lumpkin and a third brother are in the Noble county jail as a result of a bloody fight at a dance three miles south of Perry between 9 and 10 o'clock tonight. An old feud started the battle.

Richard Lumpkin is thought to be the one who killed young Fitzpatrick and wounded the elder. He began to quarrel with Edward and John joined in it was about a fight that he Lumpkins and Fitzpatricks had a year ago.

The appearance of the other Lumpkins was the signal for a general fist fight. During the melee one of the Lumpkins alleged to be Richard, pulled a gun and shot six times.

Edward Fitzpatrick was shot twice in the breast. The elder brother was wounded in the chest. Two of the Lumpkins are bruised as a result of the encounter.

PROCLAMATION ISSUED.

Gov. Haskell Fixes Date of City Election for March 28.

Tom P. Holt, city attorney received information today that Gov. Haskell had issued a proclamation authorizing an election on March 28, for the purpose of voting on the proposition of Ada becoming a city of the first class and for the election of city officers for such city.

Will there be a primary? is the all talked of question today. The Oklahoma law requires that the notice of a primary shall be advertised 30 days—this it seems will preclude a primary election for this year.

A meeting of the local democrats has been called by Vice President Little for Thursday night for the purpose of discussing the matter. You should attend this meeting.

SCRAP FOR FLAG WITH 46TH STAR

McGUIRE SHIPS IT AWAY FERRIS
THREATENS TO REPLEVIN

FOR HISTORICAL SOCIETY

First New Bunting to Be Displayed at the Party Convention.

Washington, March 3—With a society woman furnishing a part for the melodramatic settings, a politician doing the "heavy" and congress—calm, sedate congress, whose members frowned upon anything more dramatic than fist fights between its members—sitting quietly by and sucking its pink thumbs, a playlet was given in Washington today in which the new American flag—the first to contain the forty-sixth star—is the center piece.

Both Congressmen McGuire and Ferris were seeking possession of the flag, which floated over the national capitol for the first time Monday. Ferris introduced a resolution giving the flag to the Oklahoma Historical society. In the meantime McGuire secured possession of the flag and sent it to Perry, Okla., to be used in the republican convention, notwithstanding the fact that only a few months ago, republicans throughout Oklahoma fought against the adoption of Oklahoma as a state. Mrs. McGuire is said to have played a part in the game.

The Ferris resolution was passed today and by unanimous consent, the flag was donated to the historical society, but in the meantime, the flag was speeding Perryward.

Congressman Ferris now threatens to replevin the flag. A flag is flying over the senate wing of the national house today. It has 46 stars, but Ferris and his friends refuse to accept it as a substitute for the first flag.

W. P. Campbell, custodian of the Oklahoma Historical society, said last night.

"So far as I can learn the flag was presented to Congressman Byrd McGuire as a matter of personal favor. Mr. McGuire will display the emblem at the Perry republican convention, and later it will be displayed at the Threadgill hotel, on the occasion of the republican state convention here March 11.

"As a historic curio, being the first to contain 46 stars, the cause of which addition being the admission of this state into the federal union, makes it of great local interest.

"It will be given conspicuous place in the historical society's apartments at the library building."

REVEALS PLOT TO SHOOT TWO.

Tells Story of Conspiracy to Slay Special Officer Johnson.

Muskogee, Okla., March 3—Jack Pattman, alias Jack Baldrige, under arrest charged jointly with Ben and Eugene Tittsworth with killing Sam Roberts, a deputy marshal, in the trial of Eugene Tittsworth, swore that while they were in jail at Fort Smith that Tittsworth agreed to give him \$2,000 to kill W. E. Johnson, the representative of the department of interior who was fighting the bootleggers and Dr. Sapper, a deputy working under Johnson. Sapper was wounded when Roberts was killed. Pattman says Tittsworth called to him to shoot and he shot Roberts and killed him. Sapper was shot in the same fight, but Pattman says he did not shoot Sapper. Sapper and Johnson had broken up a near beer joint owned by the Tittsworths.

Probi Bill Held Up.

Guthrie, Okla., March 3—The prohibition bill was not engrossed and sent to the house today as was expected, but is remaining the property of the senate in order that the friends of the measure with the emergency attached may have a chance to finally test the sentiment of the senate. Senator Billups, said today that he has been assured that there will be enough votes upon reconsideration to pass the emergency session.

Col. A. E. Platter of Denison is in the city looking after business interests.

FALSE THEORIES FOSTERED FOR MORE THAN 40 YEARS

Washington, D. C., March 3—In a general discussion of the tariff and financial questions in the house today, Mr. Moon, of Tennessee, upbraided the republicans for failure to enact legislation which, he said, the people were demanding. The republican party, he declared, for more than 40 years have fostered false theories.

"You," he said, addressing the republican side, "plundered the treasury when you saw fit, you overturned the rights of the states and sat with your hands on the necks of the common citizens, you appeal to none but the power of wealth and monopoly and yet he said 'you have successfully run the gamut, the house gamut'."

The republicans, said he, had fooled the people "not once, not twice, but all the time." If, he continued, he were compelled to designate the leading characteristics of the republican party he should say "it is the most sublime, the most stupendous fakir in all the history of the world."

PEOPLE ROBBED OF 70 MILLION

Weighing of Mail for 27 Years Has Been Fraudulent, Is Charge.

Washington, March 3—The startling charge that the railroads of the country carrying mails had robbed the people out of \$70,000,000 was made in the house today by Mr. Floyd of Missouri.

He declared that the new system of weighing mails was an admission of the postmaster general that the weighing in the last 27 years had been fraudulent. He called for an investigation of the postoffice department and Mr. Wanger of Pennsylvania chairman of the committee to control the expenses of that department, promised that an inquiry would be conducted.

Others who spoke were Messrs. Moon, Tennessee, Briggs, Georgia, Murdock, Kansas and Smith, California.

S. G. Victor Is Appointed Marshal.

Washington, D. C., March 3—S. G. Victor of Afton was today appointed United States marshal of the eastern district of Oklahoma. His name was presented by President Roosevelt after the senate committee refused to confirm Porter.

Grant Victor, of Afton known to every republican in the state of Oklahoma, the genial good natured politician, and the former chairman of the Indian Territory republican central committee before the consolidation of the two political organizations under the chairmanship of Jake Hamon of Lawton, Okla., has been appointed United States Marshal in the Eastern district of Oklahoma in the place of G. A. Porter whose nomination was withdrawn by the president at the request of the judiciary committee of the United States.

Grant Victor is every inch a farmer and on top of that he is a politician. In the summer he can be found making hay upon his broad acres near Afton, Okla., and in the winter he can be found "making hay" while many other politicians are asleep.

Mr. Victor was at Sapulpa, Okla., last night, as one of the delegates to the Third District congressional convention when the news came of his appointment, and he was soon very busy receiving the congratulations of his friends.

Senate Passes Today Bryan Finance Bill

Guthrie March 3.—The senate today recommended for passage house bill 175 by Mr Bryan authorizing and empowering the state to fund its outstanding legal warranted indebtedness and the Stettin bill providing for the refunding of the 1907 state taxes, which may have been collected after the passage of the law by this legislature remitting the state tax for 1907. A bill by Sorrels creating a board of mine examiners was discussed at length and probably will be recommended for passage tomorrow.

The total warrant indebtedness of the state is \$1,385,992.54 of which amount \$1,228,252.54 was outstanding prior to statehood, the difference between these amounts representing the indebtedness incurred by the legislature and state department under the present administration. Bonds in denominations of \$500 each bearing four per cent interest running 10 to 20 years, are provided for. They are to be paid in ten semi-annual installments, the first becoming due the eleventh year from the time of issue. They are to be exempt from taxation. Any person appropriating to his use, or aiding and abetting in the appropriation of any funds derived from the bond sale shall be guilty of misdemeanor and fined double the amount appropriated and imprisoned in the penitentiary not to exceed five years. The Stettin bill provides for the refunding of the state taxes for 1907 that were paid prior to the enactment of the law remitting those taxes. The bill was passed by the house and amended in the senate by the substitution of section 1 of a similar bill by Senator Thomas.

The bill provides that the state treasurer shall refund to county treasurers any monies received by him for state taxes.

make loans on lands upon which there are oil leases. The legal department of the commission has rendered an opinion at the request of Secretary Marr holding that where land offered as security for a loan is encumbered with an oil lease a certified copy of the lease must accompany the application, and if the interests of the lessee are assignable and a loan is authorized the lessor will be required to execute an assignment to the department of all of his interests royalties etc under the lease. This assignment is to be placed on record with the department's mortgage. The assignment must further provide that the department has the right to receive and collect and the lessee will be authorized to pay to the department all of the royalties and earnings due or to become due and payable to the lessor.

Nearly all the applications for farm loans from the Indian Territory side of the state received by the commission have been on lands which are encumbered by an oil lease and this ruling is made in order to obviate the necessity of the lessor obtaining a cancellation of the lease before he can get a loan on his farm.

Beware of Ointments for Catarrh that Contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

It makes no difference how long you've suffered or what failed to cure you. Hollister's Rock Mountain Tea makes sick, weak men, women and children strong and healthy. Its done so for thousands, why not for you? 37c Tea or Tablets G. M. Ramsey.

Weak Kidneys

Weak Kidneys, surely point to weak Kidney Nerves. The Kidneys like the Heart and the Stomach, find their weakness not in the organ itself but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the kidneys alone, is futile. It is a waste of time, and of money as well.

If your back aches or is weak, if the urine is cloudy or is dark and strong if you have symptoms of Bright's or other distressing or dangerous kidney disease try Dr. Shoop's Restorative a month. Tablets or Liquid—and see what it can and will do for you. Druggist recommend and sell.

Remember that when the stomach nerves fail or weaken Dyspepsia or Indigestion must always follow but, strengthen these same weak inside nerves with Dr. Shoop's Restorative, and then see how quickly health will again return. Weak Heart and Kidney nerves can also be strengthened with the Restorative, where Heart pains, palpitation or Kidney weakness is found. Don't drug the Stomach, nor stimulate the Heart or Kidneys. That is wrong. Go to the cause of these ailments. Strengthen these weak inside nerves with Dr. Shoop's Restorative and get well. A simple, single test will surely tell. G. M. Ramsey.

Tickling or dry Coughs will quickly loosen when using Dr. Shoop's Cough Cure. And it is so thoroughly harmless that Dr. Shoop tells mothers to use nothing else even for very young babies. The wholesome green leaves and tender stems of a lung healing mountainous shrub give the curative properties to Dr. Shoop's Cough Cure. It calms the cough and heals the sensitive bronchial membranes. No opium, no chloroform, nothing harsh used to injure or suppress. Demand Dr. Shoop. Take no other. G. M. Ramsey.

"The Kingdom of God."

The Kingdom of God was the subject of Evangelist Ewell's sermon at the First Christian church last night. Many who were present pronounced it the finest thing they ever heard. Scholarly, magnetic and eloquent the evangelist handled his theme with the grace and power of a master mind. Yet at all times the messenger is hid behind the message.

The house was filled to its entire capacity by the time the sermon began and the interest was intense.

Tonight the evangelist will preach on The Great Salvation. This promises to be the best sermon of the series thus far. No one should fail to hear it. Services begin promptly at 7 30 p m.

The attendance is increasing at the 9 30 Bible study held each morning and all are being helped by the talks on the Life of Christ by the evangelist. Invite your friends to these services and help evangelize Ada.

Mrs H L Shackelford nee Ella Mae Crosssett once a member of the News family is here from Wynnewood the guest of Mrs G W Hall. She is accompanied by her son Master Fay H Shackelford a fine young journalist of three years.

The first shipments of the Surprise Store's spring and summer goods are arriving today.

This woman says Lydia E. Pinkham's Vegetable Compound saved her life. Read her letter.

Mrs. T. C. Willadsen, of Manning, Iowa, writes to Mrs. Pinkham:

"I can truly say that Lydia E. Pinkham's Vegetable Compound saved my life, and I cannot express my gratitude to you in words. For years I suffered with the worst forms of female complaints, continually doctoring and spending lots of money for medicine without help. I wrote you for advice, followed it as directed, and took Lydia E. Pinkham's Vegetable Compound and I have restored me to perfect health. Had it not been for you I should have been in my grave to-day. I wish every suffering woman would try it."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

Fearful and Wonderful Memorandum of Baltimore Cook.

In the family of a former Baltimorean now residing in Providence, R. I., there is a middle-aged German woman—a relative of the family—who, though having lived in this country over a quarter of a century, has not yet thoroughly mastered the English tongue. The expressions of this relative, who keeps house for the family, sometimes afford much amusement to those unaccustomed to her peculiar characteristic "pigeon English."

Happening to visit the kitchen several days ago the head of the house discovered tacked up against the wall a crude memorandum pad. Inquiry developed the fact that it was a reminder of the day's culinary needs. This is what was written in combination English-German chirography on the little sheet:

Tapoca
pruns
corn Starsh
Shradded Wieth
Sarden
saman
Egg i clo
Salse
sellerie

The memorandum was confiscated and sent to friends of the family in Baltimore. It is being preserved as a classic.—Baltimore News.

Her Mistake.

"My dear," said Mr. Brown to his wife, "where did all those books on astronomy on the library table come from? They are not ours."

"A pleasant little surprise for you," responded Mrs. Brown. "You know you said this morning that we ought to study astronomy, so I went to a bookstore and bought everything I could find on the subject."

It was some minutes before he spoke.

"My dear," he then said, slowly, his voice husky with emotion, "I never said we must study astronomy; I said we must study economy."

COFFEE DRINKING

A Doctor Says it Weakens the Heart.

"In my opinion," says a well known German physician, "no one can truthfully say that coffee agrees with him, as it has long since been proven that caffeine, contained in coffee, is an injurious, poisonous substance which weakens and degenerates the heart muscles."

"For this reason the regular use of coffee, soon or late, causes a condition of undernourishment, which leads to various kinds of organic disease."

"Convinced of this fact, I have often sought for some healthful beverage to use instead of coffee. At last I found the thing desired in Postum. Having had occasion to forbid people using coffee, whose hearts were affected, I have recommended Postum as a beverage, since it is free from all injurious or exciting substances. I know this from results in my own family, and among patients."

"Hundreds of persons who now use Postum in place of coffee, are greatly benefited thereby." "There's a Reason." Name given by Postum Co., Battle Creek, Mich. Read, "The Road to Wellville," in pkgs.

Few Suicides in Northwest.

The relatively small number of suicides in this city and section, says Seattle (Wash.) Post-Intelligencer, is made the subject of an interesting observation by W. F. Jenkins, in command of the Salvation Army in the Pacific northwest. In consequence of the small number of suicides the Salvation Army has not followed its usual course of establishing anti-suicide bureaus in this section. Commenting on the fact, the brigadier said: "Here in the northwest people, when they get into trouble, keep up courage and hope and never think of suicide. For months, even in these so-called hard times, and during the Christmas season, we haven't had a suicide case come into the office. There is no question that the average laboring man finds life a more satisfactory proposition out here than he does in the average city of the east." It isn't always an easy matter to tell precisely why some men and women feel impelled to kill themselves, in a given set of circumstances, while other men and women, in similar and sometimes worse circumstances, will not even think of such a thing. But it isn't difficult to understand why suicides are more frequent here than in other sections of the country. Climate may have much to do with it. Nerves do not break as readily here as elsewhere, though the gait is usually speedy and at high tension; the atmosphere seems to soothe the hurt places and to strengthen the weak ones. Moreover, the general view is more cheerful. Men and women are more hopeful, as a rule, and, as Mr. Jenkins suggests, the people are more friendly, more inclined to console and help their distressed fellows than they are in other parts of the country. It is a high tribute to the climate, the country and the people, but it is deserved. The record is that way, and the record is the best evidence.

English Song Birds for America.

Over 2,000 canaries left England for America recently, besides a large number of other English songsters. Whether a craze for song birds has sprung up in America or not is hard to say, but it is the fact that more than 20,000 of them will have gone across the Atlantic by the end of the year. A bird fancier, who was interviewed on the subject, said that there was undoubtedly a great demand for these birds just now, although there was always a fairly steady sale, both in America and the colonies. Germany bred a good many canaries for export, says the London Standard, but the great place for the business was Norwich, where quite a large number of breeders confined themselves solely to this particular kind of bird. Better prices could be obtained for the birds abroad than in this country, and breeders had, therefore, found it was worth their while to export their birds in large quantities. The exportation of them was a comparatively simple process, and there was very little loss through birds dying on the voyage.

One of the local clergymen thinks

the leap-year joke is cruel and vicious. Well, it is cruel and heartless, to say the least, because there is nothing in it. The man who is banking on it will be just as single at the end of the year as he was at the beginning. If not more so, says the Chicago Daily News. It is a mistake to think that the girls want to get married, though sometimes they can be persuaded to marry, which is quite a different thing. Left to themselves, the subject never enters their minds, so how could they concoct a leap-year episode and carry it to a successful conclusion? It is only after a man mentions the subject that they suspect his designs and then, it being so sudden, they always want at least a minute to think it over.

The president of the association of

hairstdressers of Paris, who has been spending four weeks in New York, is going home in a few days, but he will leave a pleasant memory behind him, because of his remark that if New York women would only show more individuality in their hairstressing they would be the most beautiful body of women the world has ever seen. He adds that there are 300 separate and distinct fashions of dressing the hair, but in New York the women seem to confine themselves to 20 at the most—including, in some cases, we fear, curl papers at the breakfast table.

Sheer white goods, in fact, any fine wash goods when new, owe much of their attractiveness to the way they are laundered, this being done in a manner to enhance their textile beauty. Home laundering would be equally satisfactory if proper attention was given to starching, the first essential being good Starch, which has sufficient strength to stiffen, without thickening the goods. Try Defiance Starch and you will be pleasantly surprised at the improved appearance of your work.

Beware of Ointments for Catarrh

that Contain Mercury. As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescription from a reliable physician. As the danger they will do is ten fold to the good you can possibly derive from them, Bull's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. It cures Catarrh, Ulcers, and all the troubles of the system. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Send for full particulars. Sold by Druggists. Price, 75c. per bottle. Take Bull's Family Pills for constipation.

"Guess where I've been," said a man at the noonday lunch counter. "It is a city where in at least two churches they have little cuspidors which match the decorations of the church in the corners of the pews. STRANGE ETIQUETTE IN CHINA.

One's Own Possessions Always Referred to in Derogatory Terms.

"The mandarin shocked me," said the missionary, "the first time I dined with him, by referring to his wife as his good-for-nothing marital mistake."

"But," I interposed, "it is said that your lady is brilliant, beautiful and kind."

"He smiled awkwardly and changed the subject. However, with the course of bamboo sprouts he mentioned his wife again, calling her this time his 'stupid hand-the-clothes.'"

"I am sorry your marriage is an unhappy one," said I.

"With an embarrassed air he began to discourse on the high-blinders. Every now and then, though, his wife's name came up, and he called her in quick succession his 'thorn in the flesh,' his 'punishment for youthful sin,' his 'hideous and lunatic spouse,' and his 'vile one of the inner room.'"

"I spoke up impatiently. 'Be more careful,' I said, 'regarding the lady. There are two sides to every story, and I must tell you that your unmanly abuse inclines me very favorably towards your poor wife.'"

"He threw down his chopsticks impatiently, scattering shark's fin and soy over the table."

"Don't you understand," he cried, "that all this is etiquette, pure etiquette? The Chinese host by the laws of etiquette must speak of his own possessions as unworthy and vile—even of his wife he must speak so, though she be a full moon for beauty and a Chang Kivi, or sacred cow, for wisdom. I have no fault to find with my wife; quite to the contrary; I only deride her in order to show proper Chinese courtesy to you. And now, I beg, don't interrupt again."

The missionary smiled ruefully.

"It was a bad break for me to make," he said. "The man was a powerful mandarin. But it is truly most shocking, at the beginning, to hear these men abuse their women folk."

Lieutenant Does His Own Cooking.

An army lieutenant writes with reference to the proposed increase in pay: "I have changed station four times within the past nine months (no expense, of course), starting from the Philippines and ending here—the last ditch. I am post quartermaster, commissary, and a few other things of lesser importance, but not negligible. My wife is ill; I am cooking three meals a day with my own hands; I can't afford to hire a cook, as they are \$40 a month here, which is nearly a third of my own salary. Painters and plasterers get five and six dollars a day for eight hours' work. Does the richest nation under the sun expect an officer of the army to do his own cooking and housework? Can he do it and attend to his various official duties? I can't, even by working 16 hours a day instead of eight. Now, what is a man to do? Hire a cook, live a little less like a tramp, and let his notes go to protest, or do his own cooking and let his duties suffer? Maybe I should resign my commission and look for a job of painting and plastering, but I will not. There are plenty of other officers, too, who are in just as bad circumstances as I am."—Army and Navy Journal.

A Tragic Resemblance.

"I believe I would rather be downright ugly than have a face that reminds every Tom, Dick and Harry of some one he knows or has known," said a comely southern girl to her companion across the tea table. "Only yesterday I had a most embarrassing experience, and it isn't the first I've had because I look like some one else." She went on. "I got into a subway train at the Grand Central station and took a cross-seat opposite a woman. She looked at me and started perceptibly; then she leaned closer to me and looked squarely in my face and her own turned very pale. Suddenly she put her muff to her eyes and sobbed until the tears rolled down over her coat. I was so uncomfortable and at such a loss what to do that I got up at the nearest station and waited for another train. I suppose I was the image of some lost daughter or sister."—New York Press.

Pasteurize the Milk.

Nathan Straus sends a message to American mothers to the effect that raw milk is not good for children, the scientific men of the world having agreed upon the fact. Milk should be pasteurized and the mother can do this herself in her own kitchen. The international congress at Brussels warned against raw milk, because of the danger from tuberculosis. It is not the poor alone who need instruction upon the subject, as many of the babies of the rich suffer from the effects of raw milk, but Americans are said to know more on the subject than people of other countries.

In Husband's Memory.

Mrs. Custer has bought 16 lots in Broxville, and to perpetuate the memory of her husband, Gen. Custer, will build a large memorial home. Aged literary women will be admitted into it, and it will no doubt be a very beautiful place, as it is pleasantly situated, many artists and literary persons now residing near the proposed site.

Formalities.

"No intelligent person pays any attention to ghosts," said the dogmatic person. "Perhaps not," answered Miss Cayenne, "unless the ghost has been able to secure an introduction from some psychic research society."

PERUNA EDITORIAL NO. 1.

Dr. Hartman is now offering Peruna to the public as a regular pharmaceutical product. It is just as ethical as any compound put up for the medical profession. No straining of medical ethics can find any fault with it. THE PRINCIPAL ACTIVE INGREDIENTS are prominently incorporated in the label on the bottle, that the people may know that the claims made for Peruna have a true justification.

The only departure we shall make from medical ethics in the conduct of Peruna affairs in the future, is the fact that we shall continue to advertise and sell our product TO THE PEOPLE.

If we would agree to sell to doctors only, to advertise for doctors only, then the medical fraternity would be obliged to recognize Peruna as being entirely within their approval.

BUT WE SHALL NOT DO THIS.

We shall continue to offer Peruna to the people. We shall continue to convey to the people our claims for Peruna as a household remedy. We shall continue to supply the people with free literature, teaching them how to use our medicine, teaching them how to avoid disease, teaching them many things of benefit to the home. We shall continue to do this, whether the medical profession like it or not.

We are proposing from this time on to take the public into our confidence. Notwithstanding that some imitators and substitutes will be attempting to put up something which they consider just as good as Peruna, we are going to draw aside the veil of secrecy and allow any one who chooses to know exactly OF WHAT PERUNA IS COMPOSED.

This ought to disarm all honest criticism. We expect, however, that criticism will continue. On some pretext or other those who are envious of the success of Peruna will continue to find fault. But we are determined to give such people no just complaint. PERUNA IS A GREAT MEDICINE.

It has become a household word in millions of homes. Our faith in the remedy is stronger than ever. Every year we expect to establish new plants in foreign lands until the people of all the world are supplied with this valuable household remedy.

WE CLAIM PERUNA TO BE A CATARRH REMEDY. Buy a bottle and try it. If it helps you, be honest and acknowledge that it has helped you.

If you want us to we will publish your statement exactly as you furnish it to us. We will add no words, take away no words. If you wish us to we will publish your portrait in connection with it. We will not do this without your written request, without your entire consent.

Peruna has cured thousands of people of chronic catarrh, in many phases and locations. At least, that is what the people say to us, through unsolicited testimonials. Peruna will cure many thousand more, in spite of fabricated slanders to the contrary.

WE GUARANTEE EVERY BOTTLE OF PERUNA TO CONTAIN THE

INGREDIENTS PRINTED ON THE LABEL.

We guarantee that every testimonial we use is absolutely true—in the exact language of the testifier.

We guarantee that every photograph published is the photograph of the person whose name it bears, that every word of every testimonial was authorized by the hand that signed it.

We are determined to beat our opponents by being fairer than they are, by dealing squarer than they dare to. We are determined to meet falsehood with truth, duplicity with candor, insincerity with sincerity.

We know that the users of Peruna will appreciate our stand. We believe that the dealers in Peruna will applaud our course. We expect even our opponents will be obliged to acknowledge finally that Peruna is not only an honest and useful remedy, but one of the GREATEST HOUSEHOLD MEDICINES ON THE CONTINENT.

Starch, like everything else, is being constantly improved, the patent Starches put on the market 25 years ago are very different and inferior to those of the present day. In the latest discovery—Defiance Starch—all injurious chemicals are omitted, while the addition of another ingredient, invented by us, gives to the Starch a strength and smoothness never approached by other brands.

How It Was Done.

Mother (examining school report)—How did you come to have such good marks in arithmetic this week? Tommy—Well, you see, it was this way: We had ten examples a day, and I got the teacher to help me to do five, and Eric Jones got her to help him on the other five. Then we swapped helps, see?—Harper's Bazar.

The Lost Ring.

Woman lived in Raftinack, had a ringworm on her back. Said she wouldn't care a scratch, but was where she couldn't scratch. Therefore she could not endure, had to have aid quick and sure.

One box of Hunt's Cure, price 50c, did the work. It always does. Its guaranteed.

Betrayed by His Language.

"Have you any visible means of support?" asked the policeman sternly.

"Me? Yes, sah, I sure has. As a wash lady mah wife is out of sight."

"Then she's not visible," rejoined the policeman, and the march to the patrol box began.

It's Strenuous.

There is no true superiority except that created by true merit. The reason Hunt's Lightning Oil outclasses all other liniments—it has the merit—it does something. See what it will do for cuts, burns, bruises, sprains, sore and stiff muscles and joints. Your surprise will only be exceeded by your gratification.

Derivation of a Term.

The reason we call money "dust" is, as I've pause to know it, To get it we must raise the wind—How easy then to blow it!
